Jayce's github commits were not being tracked for some reason:

The screenshot displays the GitHub profile of Jayce Meyer. At the top, the profile header includes the name 'Jayce Meyer' and a blue pixelated avatar. Navigation tabs for 'Contributions', 'Repositories', and 'Public activity' are visible. The 'Public activity' tab is selected, showing a list of recent commits. The commits are organized into two columns. The left column shows commits from 'evbr1432/Roomy' and 'Austin-Chau/Lab03', while the right column shows commits from 'JayceNat/PUBLIC'. Each commit entry includes a commit icon, a timestamp, the commit message, and the commit hash. Some entries also include a 'View comparison for these 2 commits' link. The commits are sorted by time, with the most recent at the top.
